PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES, LIMITED,
PUBLISHERS.

Introductory

The present volume for the year 1934 is the fifty-sixth edition of Henderson's Directory of Winnipeg, the first being published in 1878.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 88 to 100 and contains data concerning City, Provincial and Federal Government offices, commercial organizations and military organizations.

THE STREET AND AVENUE GUIDE. In this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE BUYERS GUIDE occupies pages 1 to 44. This section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations cover pages 521 to 1260.

THE CLASSIFIED BUSINESS DIRECTORY commences at page 1261, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the directory in the directory libraries where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

The library of City directories which is maintained by the publishers at their offices, for the use of its patrons, embracing directories of all the principal cities of the United States and Canada, has proven a most valuable asset to the City of Winnipeg, for through reference to the books in this library, information for almost any business or person in the United States or Canada may be obtained.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Winnipeg Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

POPULATION 303,222

The Directory estimate of population is based on the actual number of individuals' names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Winnipeg Directory covers considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained.

Based upon the names contained in the pages of this book, it is estimated that the population of Greater Winnipeg is 303,222.

Respectfully, The Publishers,

HENDERSON DIRECTORIES LIMITED.

January 2nd, 1934.

City of Winnipeg

City Seal

The above is a fac-simile of the City Seal, adopted by Council June 1st, 1874, the motto of which is "Commerce, Prudence, Industry." The significance of the emblazonry thereon may be described as follows:

The Buffalo, the hardy, fearless, nomadic monarch of the plains, who had original possession and held sway where the City of Winnipeg now stands.

The Engine, the civilizing mechanism of man's ingenuity, displaced the buffalo, was the forerunner of prosperity, and is the means of social and commercial communication which the City enjoys with the world.

The Sheaves of Grain represent the source from which the prosperity of this City emanated and are emblematic of our City as the Gateway of the Golden West and as the greatest grain centre in the world.

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has its origin in the Indian Cree name given to the lake 40 miles north, meaning "Win," muddy; "nipee," water.

Winnipeg is situated in Latitude 49° 54' N., Longitude 97° 08' W., at the confluence of the Red and Assiniboine Rivers; 40 miles south of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 760 feet above the seaboard level of New York.

From a Hudson's Bay trading post (Fort Garry) in 1870, with a population of 215, Winnipeg has grown to the size and finish of a first-class city of 349,338 people. When the city was incorporated in 1873 there were 1,869 inhabitants. In 1878 steam railway connection from St Paul, Minn., had reached a point just across the river from Winnipeg; and in 1886 railway communication was established over the Canadian Pacific Railway from the East. With the advent of railway connections a steady stream of travel and trade with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada.

Winnipeg is now the greatest grain centre on the American continent, and the financial, commercial, wholesale and manufacturing centre of the middle west; owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction, it affords great possibilities for trade in the provinces and the Northwest and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages Winnipeg supplies, through its Municipal Hydro Electric system, the cheapest electric power of any city in America. The new soft water supply is adequate for the needs of a city of one million inhabitants.

The Council is composed of a Mayor and eighteen aldermen. The Mayor is elected annually from a vote of the entire City. Three aldermen are elected annually from each of the three wards into which the City is divided and hold office for a term of two years. By provisions of the Winnipeg Charter only those persons whose names appear on the last revised list of electors, and who are natural born or naturalized subjects of His Majesty and of the full age of 21 years, able to read and write, who are resident within the City, and who have such other qualifications as the Council may fix by by-law and are not subject to any disqualification under the Charter, shall be eligible for election as Mayor or Alderman.

Winnipeg has 70 public schools, with an attendance of over 40,000; 6 colleges; the Provincial Agricultural College, built at a cost of $4,000,000; the University of Manitoba; art gallery; bureau of arts and arts museum; permanent exposition of products manufactured in the city. 3 libraries with 35 branches.

The Public Schools are under the control and supervision of the Board of School Trustees, composed of fifteen members, five for each of the three wards.

The Police Department is administered by a Board of Police Commissioners, which consists of the Mayor, the Senior County Court Judge, the Police Magistrate and two members of the City Council appointed annually.

The Public Parks of the City are placed under the control and supervision of a Public Parks Board, composed of the Mayor, seven other members of the City Council, and also six ratepayers appointed by the Council. For the purpose of providing for the expenditures required for park purposes, the City is empowered to levy a special annual rate not exceeding one mill on the dollar upon the assessed value of all the rateable property in the City, such rate to be called "The Park Fund Rate."

Main Library — Carnegie Library building, on William Avenue, between Dagmar and Ellen Streets. A. F. Jamieson, Librarian. Telephones: Office, 86 541; Reference and Juveniles, 86 531; Circulation and Branch Stations, 86 521.

Facts About Winnipeg

Today Winnipeg has the finest transportation facilities in Canada.

Winnipeg has more industrial trackage than any other city in Canada.

There are over 16,000 miles of railway in Winnipeg's business field.

All railways from East to West must pass through Winnipeg.

Winnipeg's bank clearings are third in Canada and equal to the total clearings of the ten next leading cities.

Winnipeg's principal business streets are the widest on the continent.

The water area of Winnipeg is 422 acres and the land area 14,865 acres, a total of 15,961 acres or 24.9 square miles.

Winnipeg contains half the population of Manitoba.

Winnipeg has 500 miles of streets and 236 miles of lanes.

Winnipeg has 240 miles of paved streets.

Winnipeg has 320.46 miles of graded streets.

Winnipeg has 568 miles of granolithic and plank walks.

Winnipeg has 283.57 miles of sewers, 135 miles of boulevards and 307.58 miles of domestic watermains.

Winnipeg has 2,651 domestic hydrants and 161 high pressure hydrants.

The Winnipeg street railway has 121.12 miles of railway lines.

Winnipeg is one of the best lighted cities on the American continent.

The city has 642 ordinary arc lights and 953 ornamental arc lamps, and 2,504 one thousand candle-power lamps.

There are 394 alarm boxes on the streets of Winnipeg and 30 in buildings.

There are 163 police signal alarm boxes on the streets of Winnipeg.

Winnipeg's playground equipment is not excelled in Canada.

Winnipeg has 960.19 acres of parks.

Assiniboine Park is one of the finest in Canada.

Winnipeg has 34 parks and squares.

The number of persons to each park-acre in the city is 237.

Winnipeg's parks are valued at $3,441,824.00.

Winnipeg's libraries loan three-quarters of a million volumes yearly.

Winnipeg bank clearings for 1929 broke all records totalling $3,393,339,617.

There are three main libraries with 35 branches.

Winnipeg has half a million continuous 24-hour horsepower within 100 miles.

The present hydro-electric power rate in Winnipeg is the lowest on the American continent.

The residence lighting rate of 2½ cents is the lowest in Canada.

Winnipeg tax rate is the lowest in Canada.

Winnipeg has one of the finest water systems in the world.

Winnipeg's water is absolutely soft and pure.

Winnipeg was the first City in America to acquire a municipal asphalt plant.

Winnipeg has 51,000 local telephones.

The Winnipeg General Hospital is one of the best equipped on the American continent.

There are more industrial workers in Winnipeg than in the whole of Saskatchewan, Alberta and Prince Edward Island combined, or more than in the cities of St. John, Halifax, Calgary and Edmonton combined.

Winnipeg's industrial payroll is five times that of the whole of Saskatchewan and twice that of Alberta.

PUBLIC PARKS

There are 36 public parks and squares in Winnipeg, with a total area of 960.19 acres. These, with the exception of Assiniboine, Kildonan and St. Vital Parks and the two Golf Courses, are located within the city limits, or close thereto, so as to afford open-air space and recreation grounds easily accessible to the citizens.

MOTOR TOURISTS' CAMPING SITE

Winnipeg's Motor Tourists' Camping Site is located in the south-east corner of the Old Exhibition Grounds or to the immediate west end of Dufferin Avenue.

The grounds are well treed, have an excellent turf surface, and will accommodate approximately thirty parties. A building erected in 1922 provides toilet facilities for both men and women, kitchen with large sink, cookstove, electric light and an abundant supply of wood and water free of charge.

Arc lamps provide light throughout the night, while a caretaker during the daytime and a watchman by night insures safety and order.

HUDSON'S BAY COMPANY
Historical Exhibit

The Historical Exhibit at the Hudson's Bay Company's store on Portage Avenue, is one of the finest private collections of Western and Arctic material in Canada. It is open to the public during the store business hours and a custodian will act as guide, upon request.

This Exhibit, like the other in the Vancouver Store, represents an orderly display of relics and pictures of pioneer life and settlement of the Canadian West as well as Indian and Eskimo material. It enables one to visualize progress since the first "Adventurers of England trading into Hudson's Bay" established their first posts and pushed inland as the forerunners of settlers and merchants. Two hundred and sixty-four years of Company history are suggested in the display of documents, costumes, trading articles, pictures and models of other days.

The Exhibit contains much material which is on permanent loan from collectors and descendants of old Hudson's Bay Company officers. It offers an ideal setting for the preservation and display of such articles where they are of the maximum educational value. For anyone with an appreciation of the life and the colour of Canadian history, an hour (or several hours) can be spent here with genuine pleasure.

The collection is divided into three rooms:

1. Early History,
2. Indian and Eskimo,
3. Transportation.

All the items are catalogued, with a short description of each, and numbered for ready reference and the custodian will be glad to answer any questions.

The first item is a model of the ketch "Nonsuch" which sailed from England on a voyage of enterprise and discovery in 1668, and it was directly through this pioneer voyage that the first of the trading posts, Fort Charles (later known as Rupert's House) was established on James Bay, south of Hudson Bay, and the Charter was granted by King Charles the Second to the Hudson's Bay Company in 1670. By this Charter the Company was privileged to engage in trade and exploration in all country drained by streams entering into Hudson Bay and Hudson Strait, thus opening the way for settlement and development of Western Canada by the British.

In the section devoted to "Indian Life" many articles are exhibited portraying the industries, customs, habits and pastimes of the various Indian tribes. The Indian tribes of the various parts of the country differed from one another in many ways while retaining certain characteristics throughout.

The handicrafts shown are examples of their remarkable native cleverness in adapting the materials at hand to their general use.

In the exhibit of the work of the Eskimos, there are numerous examples of their ability in carving and manufacturing articles from ivory to meet their needs and fancies. Among the many interesting objects are: an Eskimo Kayak (or canoe) made from sealskin, with the hair removed, stretched when green; some particularly fine examples of beaded work by the Plains Indians, fancy work ornamented with porcupine quills, in many colours from native dyes manufactured from roots, barks, berries, etcetra, by the Mackenzie River Indians, and a typical Pacific Coast Indian drum made of cedar wood in the form of a large box. This drum was beaten with the fist and is believed to have been the last of its kind at Bella Coola.

Under the head of "Transportation" can be seen the ship's telegraph and whistle control of the S. S. Pelican, late of the Hudson's Bay Company's fleet, and sister ship to the famous H. M. S. "Condor" commanded by the late Admiral Lord Charles Beresford at the seige of Alexandria. In the Exhibit is a set of large beam scales, dated 1750, used at Moose Factory.

This Exhibit was opened in June, 1922, and the work of rounding out the collection goes on constantly. Each season the Company's men find items of interest on the sites of the old posts, while friends of the Company continue to make loans to this unique museum.

Some Pioneer Citizens

The following names appeared in the 1878 Directory:

1878-1933

Charles N. Bell
John F. Caldwell

Henderson's Winnipeg Street and Avenue Directory 1934

This section of the Directory is presented in condensed form. Full information will be found in the Alphabetical Directory.

AVENUES all run East and West and are numbered under 200 East of Main Street, Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.

ABERDEEN AVE., from Red River west to city limits, intersecting at 1089 Main.
